IRAQ UPGRADES CIVIL AVIATION WITH THE HELP OF LUFTHANSA CONSULTING

News / Airlines

Agreement Signed With Ministry of Transport to Foster the Country's Economic Growth and Develop a Modern Aviation Industry

The latest contract aims to implement the vision of the Ministry of Transport
to strengthen the ICAA in accordance with international standards and best practices
to enable Iraqi Airways to become a leading carrier in the Middle East
to provide a global network for the Iraqi people and the international market
to transform Baghdad International Airport into a hub serving three continents.

Iraq's Minister of Transport, H.E. Kadoum Finjan Al-Hamami, says: "This contract reflects the continuity of a long-lasting relationship between Iraq and Germany."

"Lufthansa Consulting is proud to be chosen as an implementer and strategic advisor to the Iraqi Minister of Transport with a view to modernizing the aviation industry," states
Dr. Andreas Jahnke, Managing Director of Lufthansa Consulting. "With our international expertise acquired over 40 years as an aviation consultancy and our commitment to integrity and
