AVIATION HOME QATAR TOOK DELIVERY OF FIRST DA50 RG IN THE MIDDLE EAST

News / Manufacturer

First DA50 RG delivered to the Middle East. Khalid Al Khater from Aviation Home Qatar proudly took delivery from Diamond Aircraft representatives. The DA50 RG powered by the FADEC controlled 300hp Continental CD-300 jet-fuel engine features retractable gear and boasts one of the largest luxury cabins in its class. The five-seat single engine piston aircraft is the top choice for every pilot who is looking for an aircraft that offers the complete package – safety, fuel efficiency, sustainability, tomorrow's composite technology in today's airframe design, state-of-the-art Garmin G1000 NXi avionics, generous space with premium and ergonomic interiors as well as outstanding looks, lots of optional features and on top a pleasure to fly.

Khalid Al Khater, CEO, Aviation Home Qatar, commented: “Diamond Aircraft has always been an innovative pioneer and the first company whose complex and innovative products fit perfectly into the ever-evolving aviation industry and general aviation market. They have always listened to the needs of GA pilots and flight schools. With Diamond's jet-fueled aircraft, there was finally a solution, especially for regions where AVGAS is difficult to obtain. Personally, I have always owned Diamond airplanes since the introduction of the jet-fuel engine. I have owned a DA40, a DA42-VI and a DA62 which I have flown in the Middle East and Europe and have always been impressed with the performance. So, my decision to buy the DA50 RG was only a logical step. I am very excited to be the proud owner of the first ever DA50 RG in the Middle East and I am really looking forward to enjoying the unparalleled performance and economic benefits of flying such an

aircraft, especially in this region. I do believe that we will soon see more DA50 flying in this region."

Jane Wang, Sales Director, Diamond Aircraft Austria, said: “We couldn’t be more excited to bring the sensational DA50 RG to Dubai Airshow for the first time and hand it over to the very first customer in the Middle East. We congratulate our regional Sales Partner Aviation Home Qatar on their recent purchase. They will be more than pleased with the DA50 RG’s perfect combination of performance, comfort, economy, and safety.”
