BOMBARDIER UNVEILS COMLUX AS GLOBAL 8000 AIRCRAFT CUSTOMER, DELIVERY CONFIRMED FOR 2026

News / Business aviation, Events / Festivals, Manufacturer

Bombardier announced Comlux will take delivery of the industry-defining Global 8000 aircraft in 2026. Renowned for its expertise in long-range operations with aircraft such as the Bombardier Global 6000 and Global 6500, Comlux is strategically enhancing its charter offering with Bombardier's flagship jet. With its industry-leading ultra-long-range capabilities and top speed, the Bombardier Global 8000aircraft is the ideal complement to Comlux Aviation's fleet—delivering exceptional performance, comfort, and efficiency for premium global travel.

Comlux Aviation CEO, Andrea Zanetto commented: "The Bombardier Global 8000 aircraft integrates perfectly into our long-range fleet, in between our wide-body fleet and our Global 6500 fleet. At Comlux, we offer comfort in ownership and luxury in flight! We have built our reputation on delivering premium global travel solutions and this aircraft allows us to offer ultra-long-range. Comlux continuously elevates its fleet to offer clients an unmatched charter experience across the globe with a diversified fleet. The delivery of the Global 8000 will mark the beginning of an exciting

new chapter, as we continue to attract more clients to manage the operation of Global 7500 and Global 8000.”

Éric Martel, President and CEO, Bombardier stated:“The Bombardier Global 8000 jet offers the perfect balance of ultra-long-range performance and refined passenger experience—an ideal fit for Comlux’s discerning clientele. As our valued business relationship continues to grow, the Global 8000 aircraft will deliver its exceptional performance and signature smooth ride to Comlux’s customers around the world.”

The Global 8000, the world’s fastest purpose-built business jet, represents a new era of performance, comfort and innovation. With its unmatched speed and a range of 8,000 nautical miles, the aircraft is designed to meet the needs of the most discerning travelers—delivering seamless connectivity between global cities with exceptional onboard luxury.

Comlux’s upcoming delivery marks a significant milestone in the continued adoption of the Bombardier Global 8000 jet by leading operators worldwide. The aircraft’s advanced technology and refined cabin experience make it a standout choice for those seeking the ultimate in private aviation.
