

AEROFLOT HAS SET IN OPERATION A NEW SSJ-100 AIRCRAFT

News / Airlines

Aeroflot has taken delivery of its **new Sukhoi Superjet 100** in FULL specification produced by JSC Sukhoi Civil Aircraft (SCA).

The plane (registration number RA-89061) has been named in honour of Ivan Ryshkov, veteran of the World War II, Hero of the Soviet Union.

The new SSJ-100 has been transferred to Aeroflot under a financial lease agreement from Sberbank Leasing.

The SSJ-100 is a next-generation regional jet developed and produced by Sukhoi Company in collaboration with Alenia Aeronautica. The aircraft can accommodate 87 passengers in a spacious dual-class configuration (12 seats in business and 75 in economy), and has a range of 2,400 km. The SSJ-100 received certification from the Aviation Register of the Interstate Aviation Committee (IACAR) in January 2011.

SSJ-100 jets are an important part of Aeroflot's fleet, which is among Europe's most modern and

technologically advanced. The total order for SSJ-100 stands at 30 aircraft.
