BOMBARDIER FIRM ORDER FROM NEW CUSTOMER FOR 50 CHALLENGER & GLOBAL JETS INCLUDING MAINTENANCE SERVICES PARTNERSHIP

News / Business aviation, Manufacturer

Bombardier announced a significant firm order for 50 of its performance-leading Challenger & Global aircraft, combined with a first-of-a-kind service agreement. Together, the firm aircraft and service agreements are valued at US$1.7 billion with deliveries set to begin in 2027. The first-time Bombardier customer will also hold 70 new aircraft purchase options. If all purchase options are exercised, the combined aircraft and service agreements' value would reach more than US$4 billion2. The customer has selected Bombardier's top-ranked maintenance offerings to create an innovative partnership that will deliver an unmatched level of care and convenience for customers. The customer has elected to remain anonymous prior to unveiling their offering in the marketplace.

Éric Martel, President and CEO, Bombardier commented:“This significant order underscores the competitive advantage Bombardier’s full scope of products and services brings to customers throughout the entire aircraft lifecycle, from design to delivery, then throughout the in-service journey.“We build trust each day with each customer thanks to dedicated team members around the world who ensure their consistent satisfaction. Our more than 18,000 Bombardier employees are proud to welcome this new, important customer to our family.”

Delivering impeccable aircraft and services to elevate its customers’ experience on all fronts, Bombardier’s offer sets the standard in business aviation. The company’s Global and Challenger families of aircraft are renowned for their exceptional performance, proven reliability and passenger-centric cabin. Leveraging Bombardier's impeccable engineering, these jets are designed to deliver a seamless travel experience, boasting industry-leading landing capabilities and the company's signature smooth ride. Additionally, Bombardier’s worldwide service network delivers the company’s unmatched expertise to operators around the world, ensuring they benefit from a seamless experience at every point in their journey.
