

AIRBALTIC LAUNCHES FLIGHTS BETWEEN RIGA AND ABERDEEN

News / Airlines, Airports / Routes

The Latvian airline *airBaltic* launched a direct route linking Riga and Aberdeen. The route offers convenient travel options for travellers from United Kingdom and Baltic States.

Wolfgang Reuss, SVP of Network Management of *airBaltic*: “We are delighted to add Aberdeen to our expanding route map. Aberdeen is known as the "granite city" due to the large number of buildings made from the rugged local stone which make it one of the most architecturally interesting cities in the whole United Kingdom and a beautiful holiday destination.”

Carol Benzie, Managing Director - Aberdeen International Airport: "It is fantastic to welcome Air Baltic back to Aberdeen today with the launch of our Riga route. The route will provide Aberdeen holidaymakers with easy access to a number of increasingly popular destinations in the Baltic states, such as Tallinn, Palanga and Vilnius, which was one of the most requested destinations in a leisure survey we undertook with our local community last year. We are continually working to strengthen our route network and I am delighted to add the vibrant, cosmopolitan city of Riga to our ever-expanding list of leisure routes."
