

AROUND HALF OF AIRBALTIC EMPLOYEES ARE VACCINATED, NEW FLIGHTS TO PISA, VALENCIA AND KOS

News / Airlines

airBaltic informs that during three days of vaccination 410 employees of the company have used the opportunity to receive their first dose of Covid-19 vaccine next to more employees who have already received their vaccination against Covid-19 elsewhere. airBaltic is one of the first companies in Latvia to implement state-provided vaccination at the workplace, carried out by Kl?nika Pirm?da.

Martin Gauss, Chief Executive Officer of airBaltic: "Vaccination is the way out from this unprecedented crisis. We appreciate the opportunity provided by Latvia to offer vaccination to our employees. We will continue this program at the workplace, offering vaccination to everyone at the company to support the fast recovery of the economy and to enable airBaltic offering flights with vaccinated crew."

airBaltic currently employs 1 096 employees. During vaccination on May 6, May 7 and May 10 a total of 410 employees received their first dose of vaccine against Covid-19.

A revised flight schedule for upcoming summer months was published; Now passengers can also book tickets on the new destinations from Riga to Valencia (Spain), Pisa (Italy) and Kos (Greece). Martin Gauss, Chief Executive Officer of airBaltic: "We see that the market is slowly recovering, as the vaccine rates improve all over Europe. Our team is regularly revising our flight schedule in line with the changing passenger demand. In total, this year we plan to offer flights on 95 routes across the Baltics."
