

EASYJET IS LOBBYING THE UK GOVERNMENT AND THE EU TO ENSURE THE CONTINUATION OF A LIBERAL AVIATION MARKET

News / Airlines

easyJet is lobbying the UK government and the EU to ensure the continuation of a fully liberal and deregulated aviation market within the UK and Europe. This would mean that easyJet and all European airlines can continue to operate as they do today and this objective has been supported by European airlines, with Airlines For Europe, Europe’s main airline association.

“As part of easyJet’s contingency planning before the referendum we had informal discussions with a number of European aviation regulators about the establishment of an AOC (air operator certificate) in an European country to enable easyJet to fly across Europe as we do today.

“easyJet has now started a formal process to acquire an AOC.

“Until the outcome of the UK/EU negotiations are clearer easyJet does not need to make any other structural or operational changes.

“We have no plans to move from Luton – our home for 20 years.”
