

JET LUXE SIGNIFICANTLY EXPANDS FLEET IN MEXICO

News / Business aviation

Jet Luxe announced significant expansion of its fleet in Mexico with the addition of multiple Hawker 800 aircraft. This strategic move not only reinforces Jet Luxe commitment to providing unparalleled luxury travel experiences but also aims to enhance its services in the Latin American and North American regions. The new Hawkers, renowned for their reliability, efficiency, and luxurious interiors, will help cement the company's position in Mexico and the United States.

Gabriel Madrid, CEO and Founder of Jet Luxe, commented: "We are thrilled to add more Hawker 800 to our fleet, further solidifying Jet Luxe's commitment to delivering exceptional travel experiences. These additions will not only elevate the level of luxury we provide but also allow us to serve our Latin American and North American clients with increased efficiency and convenience."

Jet Luxe decision to expand its fleet comes in response to the growing demand for private aviation services in the Latin American and North American markets. By introducing these cutting-edge Hawker 800 aircraft, Jet Luxe aims to meet and exceed the expectations of its esteemed clientele in terms of comfort, convenience, and personalized service.

As Jet Luxe extends its presence in the region, remaining dedicated to maintain highest safety standards, ensuring a secure and reliable travel experience for its passengers.
