The Government of the Russian Federation held the meeting of the Intergovernmental commission chaired by Igor Shuvalov, First Deputy Prime Minister, on the issues of air transport industry.

In the interests of the development of the commercial aviation and creating one of the largest in the world group of airlines, the commission has approved the acquisition of JSC Transaero Airlines by Aeroflot group.

The shareholders of Transaero Airlines believe this measure will serve the interests of passengers, personnel and partners of the airline.

The Chairman of the meeting has highly appreciated the role of the founders, managers and all the personnel of Transaero Airlines in the modern history of the commercial aviation of the country.
