News / Airlines, Airports / Routes

**After receiving all of the necessary permissions, airBaltic plans to resume direct flights from Riga to nine popular summer leisure destinations between June 15 and July 7. Martin Gauss, CEO of airBaltic: “Many European countries will again open their borders for tourists. People are resuming to plan their summer vacations or just a short break after a long time of not being able to travel. Therefore, we open some of the popular summer destinations earlier than planned. The safety and health of our passengers remains the highest priority. We have introduced strong safety measures and our new flight operations follow the recommendations issued by authorities. All passengers on board of airBaltic aircraft are provided with a complimentary basic care kit consisting of a protective face mask and disinfection wipes.”**

airBaltic is in close cooperation with the authorities to monitor the situation and is flexible to adjust the flight schedule if needed. Passengers are strongly suggested to check the travel regulations and airport restrictions on the official websites or with local embassies before travelling. Regulations are changing rapidly and vary per country, therefore always make sure you have the latest information to have a smooth journey.

Between June 15 and July 7, airBaltic will resume flights from Riga to Dubrovnik, Rijeka and Split in Croatia, Barcelona in Spain, Nice in France, Larnaca in Cyprus as well as Rome, Catania and Milan in Italy and other destinations.

Currently airBaltic performs direct flights from Riga to Tallinn, Vilnius, Oslo, Frankfurt, Amsterdam, Helsinki, Munich, Berlin and Hamburg.
