German airport operator **Fraport** will sign a EUR€1.2 billion (USD\$1.3 billion) **deal** to lease and manage **14 provincial Greek airports** this month.

"We will proceed with signing the agreement with Fraport within the coming 10 days," the head of privatisation agency HRADF, Stergios Pitsiorlas, told a news conference.

The deal, under negotiation before the Syriza party won a general election in January and initially froze asset sales, will be the first major privatisation completed under Prime Minister Alexis Tsipras.
