

KLM OFFERS CUSTOMERS 5 NEW SCHEDULED SERVICES IN EUROPE

News / Airports / Routes

Customers from all over Europe fly **KLM** to our hub in Amsterdam to connect with flights to our destinations around the world. We aim to develop our European network so that we can offer more direct flights to and from Amsterdam and more and better connections via Schiphol. So I am proud to announce that we will add **five more European destinations** to our network, giving European travellers more options to explore the world. The new destinations are relevant to our hub and to our position in the local markets.

As of 1 February 2016 KLM Royal Dutch Airlines will seize operations to Köln in Germany. Passengers from the Köln and Bonn area can still be accommodated on KLM operated flights to/from Düsseldorf.
