

AIRCLUB WELCOMES JETFLITE AS A NEW MEMBER

News / Business aviation

AirClub is pleased to announce its further expansion by welcoming Jetflite to the alliance.

Jetflite, established over three decades ago, is part of a large Finnish industrial conglomerate (the Wihuri Group) and was among the very first operators to fly business jets in Russia and CIS countries. Headquartered in Helsinki and having an in-house maintenance facility, Jetflite offers aircraft management and maintenance services, as well as VIP aircraft charters and air ambulance / evacuation flights all over the world.

"With a heritage of passion in aviation and commitment to its company, colleagues and customers, AirClub values the high-quality, long-term and tailored individual services Jetflite offers" says Dennis Göppel, Chief Operating Officer at AirClub.

"We will always go the extra mile to enhance our service to our customers and we are proud to share these values within the AirClub alliance" says Elina Karjalainen, Chief Executive Officer at Jetflite.

AirClub was formed by a group of Business Aviation professionals in 2012. Comprised of eight distinguished operators in Europe and the United States, AirClub collectively operates around 100 business jets. Our primary goal is to unify, promote and elevate the worldwide business aviation community by utilizing the strengths of individual members. Poised to become a main global leader in business aviation, AirClub is on track to have a presence on all six continents with a large number of operators and aircraft worldwide.
