

BOMBARDIER SET TO IMPRESS AT NBAA-BACE 2025 WITH GLOBAL AND CHALLENGER JETS ON DISPLAY

News / Business aviation

Bombardier will participate in the NBAA-BACE 2025, taking place October 14–16 at Henderson Executive Airport in Las Vegas. Bombardier will showcase three of its most iconic aircraft on static display – the Global 7500, Global 6500, and Challenger 3500 – and will also highlight its top-ranked, comprehensive service offering on site.

Éric Martel, President and Chief Executive Officer, Bombardier commented: “Our aircraft are designed to inspire, and they stand out as some of the most compelling examples of innovation and craftsmanship at this year’s show, complemented by our extensive service offering that ensures an exceptional ownership experience. The Bombardier Global 7500, Global 6500, and Challenger 3500 each bring something exceptional to the table, and with the Global 8000 on the horizon as the fastest business jet in the world, we continue to redefine what’s possible in business aviation.”

Visitors to the static display will have the opportunity to explore the spacious and refined interiors of each jet—including the record-setting Bombardier Global 7500, renowned for its industry-leading speed and landing capabilities; the Global 6500, offering outstanding versatility and long-range performance; and the Challenger 3500, which delivers impressive speed and efficiency. All three aircraft are engineered to provide Bombardier’s signature smooth ride, ensuring exceptional comfort on every mission.

13 OCTOBER 2025
