

# BUSINESS AVIATION INSIDER - GENEVA AIRPARK THE ONLY GATEWAY TO WESTERN SWITZERLAND

News / Business aviation

## **Geneva Airport: the only gateway to western Switzerland**

According to a decision from the Federal Office of Public Health, Geneva Airport is one of the only 3 Swiss airports, along with Basel and Zurich, with official authorization to receive passengers from abroad.

## **How can Geneva Airpark help you meet your challenges?**

We are currently leaving nothing to chance to actively continue services at Geneva Airport and help in your post-pandemic recovery. We would like to thank our teams and technical partners for carrying out their missions every day while respecting all essential health procedures to protect themselves, your customers and aircraft.

## **High-end monitoring for your aircraft**

**Whatever the reason and duration of downtime, Geneva Airpark guarantees effective protection for your plane and its equipment to keep them in perfect condition:**

- A secure and permanently accessible hangar, despite constraints due to Covid-19
- Integrated aircraft services

- Nearby maintenance centers

### Fully operational teams from 6:00 am to 10:00 pm

Planning constraints imposed by the coronavirus will remain unchanged until further notice. However, our **on-duty team is still organizing** its interventions on our private tarmac and in the Geneva Airpark hangar **with the utmost precision**. To remind you, we request:

- **3-hour advance notice** announcements of flight arrival/departure movements
- **24-hour advance notice** for anyone wanting access to an aircraft kept in the hangar, **for any reason other than a flight**: maintenance, aircraft protection operations, etc.

**We will notify you as soon as it is possible to relax these measures.**

**Our on-duty team is available from 6:00 am to 10:00 pm. Phone +41 (0)22 939 16 00 - email [booking@geneva-airpark.ch](mailto:booking@geneva-airpark.ch)**
