Travel Services: Luxury travel agency Skylark, elite car rental company Go Rentals, chauffeured luxury transportation provider, Empire CLS, travel and medical insurance membership program ARREVA Advantage, all provide exclusive travel to Flexjet's customers. Another benefit is complimentary upgraded car rental program memberships at National and Enterprise.

Flexjet Owners have access to the limited production of sports outfitter Beretta, leather bag and accessories crafter Ghurka, sunglass maker Kaenon and Master & Dynamic, designer of precision sound equipment, among others.

Wines and Wine Tours: Wines are a particular passion for many Flexjet Owners, and Flexjet has partnered with Porthos, a concierge service that offers exclusive access to Napa Valley, Sonoma and Bordeaux wineries. Private Porthos tours grant access to wineries not open to the public as well as access to limited wine allocations. In addition, Flexjet will select one vineyard each season, showcasing its wines at Flexjet's private terminals and at their events. Complimentary tours and private tastings at the seasonal vineyard is also a benefit.
