

# PHENIX JET CAYMAN (HONG KONG) RINGS IN THE NEW YEAR & SETS 32 WORLD SPEED RECORDS IN 2024

News / Business aviation

Phenix Jet Cayman (Hong Kong) achieved remarkable success in 2024 by setting an impressive 32 world speed records on the Bombardier Global 7500 aircraft across major cities, including New York, San Francisco, Los Angeles, Tokyo, Paris, London, and Delhi. These accomplishments underscore the company's dedication to excellence in luxury aviation – as well as the incredible performance attributes of the Global 7500 aircraft. The records not only highlight the advanced capabilities of the aircraft but also reflect the operational excellence of Phenix Jet Cayman's committed team.

Phenix Jet Cayman continues to demonstrate the superior performance of its Bombardier Global 7500 charter fleet. Some of the notable records included:

- Los Angeles to Tokyo in 10 hours and 28 minutes
- Newark to London in 5 hours and 45 minutes

Phenix Jet Cayman is recognized within the Asian business aviation industry as being one of the very best charter operators in the region, and the operator with the largest charter fleet in Asia. This recognition reinforces the company's reputation for delivering high-quality service and operational excellence.

Andrew Svoboda, CEO of Phenix Jet Cayman, commented: , “We are excited to announce these 32 new world speed records as they reflect our commitment to excellence and the capabilities of our flight program. We are thrilled with the records we have set on the Global 7500 and can't wait to set even more impressive records on the Global 8000 when Bombardier commences delivery of this impressive new type.”

This sentiment underscores the company's mission to set new benchmarks in luxury aviation.

Emmanuel Bornand, Vice President, Aircraft Sales, International, said: “Bombardier congratulates the Phenix Jet Cayman (Hong Kong) team on these incredible record-breaking performances by the Global 7500 aircraft. We are also equally excited about the new records they will be able to set on the Global 8000, with its enhanced performance attributes, including faster speed and longer range.”

The achievement of setting 32 world speed records in 2024 marks a significant milestone for Phenix Jet Cayman (Hong Kong). As the company continues to push the boundaries of what is possible in private air travel, it remains dedicated to providing clients with unparalleled experiences and efficiency.
