

ABU DHABI AIR EXPO ANNOUNCE PLANS TO EXHIBIT 150 BUSINESS JETS

News / Business aviation, Events / Festivals

Abu Dhabi Air Expo has said it will be displaying 150 business aircraft during the event which will take place on March 8-10, 2016 at Al Bateen Executive Airport, reports the Khaleej Times.

The fourth show, which is held every other year, will put on static display 150 ultra light business jets and helicopters.

As part of Abu Dhabi Air Expo, Abu Dhabi Heli Expo will run in parallel, showcasing all that the helicopter industry has to offer. The Middle East Aviation Career Conference, which will also run during the week, will give a unique platform for industry partners to discuss the challenges in securing aviation professionals for the future.

Ahmad Al Haddabi, chief operations officer at Abu Dhabi Airports: "The continuous support that Abu Dhabi Air Expo has enjoyed from local and international organisations demonstrates the need for such events that would develop the aviation industry in the UAE and the rest of the region,

creating a rich environment for business potentials.”
