News / Events / Festivals

Etihad Airways has received the coveted award for Best First Class at the annual Ultratravel Middle East Awards (ULTRAs) ceremony, which was held last night at the iconic Burj Al Arab Jumeirah hotel in Dubai.

The award is another major accolade for the UAE national airline's First Class experience, which has repeatedly been voted best in the world.

The ULTRAs are voted for by the readers of Ultratravel Middle East, the regional edition of the United Kingdom's exclusive Ultratravel magazine, a high-end luxury travel publication which was launched in the UK in 2004 in partnership with the Daily Telegraph. Ultratravel Middle East is distributed in English and Arabic within The National and Al Ittihad newspapers.

Peter Baumgartner, Etihad Airways' Chief Commercial Officer, said: "This award further validates and recognises the tremendous efforts which have gone in to creating the most innovative, stylish and luxurious First Class service in the air. We are incredibly proud to receive it."

"This year has been a momentous one for Etihad Airways. The revolutionary cabin concepts we launched in 2014 are now a reality, already flying on our new fleet of Airbus A380 and Boeing 787 Dreamliner aircraft. The Etihad Airways brand has been catapulted into the global consciousness as the world-leading provider of remarkable travel experiences in all classes of service."

Etihad Airways introduced ground-breaking First Class cabins with the introduction of its fleet of A380s and B787-9 aircraft, with five of each type delivered to date.

Nick Perry, Chairman of Ultratravel, said: "With the introduction of revolutionary inflight innovations such as The Residence, with its three rooms, and the airline's new First Apartments and First Suites, Etihad Airways is redefining what world-class hospitality and First Class travel can be for its guests."

The A380 First Class cabin boasts nine First Apartments, unique living spaces which at 39 square feet in area, are 74 percent larger than the airline's current award-winning First Class suites, and feature a Poltrona Frau leather armchair and a separate ottoman which converts into a full-length 80.5 inch long bed. A dedicated shower room is available for exclusive use by First Class guests.

The B787s are equipped with eight private First Suites in a unique curved aisle setting, an airline industry first, with a 10 percent increase in personal space. The forward and aft facing suites feature a large Poltrona Frau leather armchair which converts into an 80.5 inch fully-flat bed. The suites feature 24 inch TV monitors, large dining tables for dual dining, personal wardrobes and privacy doors.

Etihad Airways' remaining three-class configured longhaul fleet of Boeing 777s and Airbus A330/A340 family aircraft is configured with a private First Class suite product.
