MEBAA SHOW POSTPONED TO DECEMBER 2022

News / Events / Festivals

Over the past few months, we have been closely monitoring the impact of Covid-19 and our ability to stage a successful MEBAA Show in February 2021.

After much consideration, as a result of the ongoing challenges with global border restrictions and lockdowns, we have decided to realign the MEBAA Show with its original dates and postpone it again to December 2022.

All recent indications suggest that the business aviation sector will make a very strong recovery in the coming years and the MEBAA Show will play an important role in restoring confidence, driving collaboration and creating new opportunities for the sector.

If you have any questions relating to the cancellation of the show, please do not hesitate to reach out to either me or my team. I look forward to welcoming the business aviation community back to Dubai in December 2022 - by working together we will ensure our industry's recovery is stronger!

The **Founding & Executive Chairman of MEBAA, Mr. Ali Ahmed Alnaqbi adressed to industry colleagues: "It is with deep regret that we have taken the decision to cancel the region's leading business aviation platform - MEBAA Show 2020 and reschedule it to it's original date cycle. The show will now take place in December 2022 at DWC, Airshow Site. Due to concerns related to the ongoing COVID-19 pandemic and international travel restrictions imposed across numerous countries around the world, we believe this tough decision is in the best interests of the health and safety of exhibitors, visitors, contractors and staff.**

We understand this news will be extremely disappointing to the business aviation community; however, we believe that in rescheduling the show to its original date cycle, we will be better positioned to deliver a quality event for everyone. For the 2022 edition, we promise to come back bigger and better bringing new initiatives that will add even more value to your participation at the MEBAA Show. These will include access to hours of thought-leadership seminars along with a pre-arranged meetings program to facilitate connection and networking between visitors and exhibitors.

In the meantime, if you have any questions relating to the rescheduling of the show, please do not hesitate to reach out to either me or my team. I look forward to welcoming the business aviation community to Dubai in December 2022 - by working together we will ensure our industry's recovery is stronger!
