

PAL CANCELS OVER 200 FLIGHTS DUE TO APEC MANILA

News / Events / Festivals

Philippine Airlines, Incorporated (PAL) on Saturday, October 31, announced 115 domestic and 96 international cancelled flights from November 15 to November 20 to give way to the arrival and departure of Asia-Pacific Economic Cooperation (APEC) leaders.

The country, which is hosting APEC this year, will accommodate government and business leaders from its member-economies for the following meetings in November:

November 16 to 18 - APEC CEO Summit

November 18 - ABAC dialogue with leaders

November 18 to 19 - APEC Leaders' Meeting

Thus, periodic, temporary runway closures will be scheduled at the Ninoy Aquino International Airport (NAIA) during the arrival and departure of heads of state.

PAL assured affected passengers that the airline will reschedule their flights, with rebooking and penalty charges waived.

Passengers with confirmed flights have the option to rebook before or within 30 days from their original flight date for as long as the new schedule falls within the ticket validity period.

They also have the option to refund the full ticket cost, as refund charges are deemed waived.

The affected domestic flights are as follows:
