

BIERNAT S.J CHOOSES ALSIM BY PURCHASING AN ALX SIMULATOR

News / Maintenance / Trainings

ALSIM count Biernat S.J among its new customers. The Polish aviation company recently made the acquisition of an ALSIM ALX simulator. ALSIM ALX provides up to 4 classes of aircraft from single-engine piston, twin engine piston, twin turbine up to medium category twin jet. The device is designed and approved for ATPL, CPL, and MCC in compliance with all current regulatory standards. The ALX offers advanced technology simulation equipment tailored to all specific training requirements. In addition, it has a proven track record for cost-effectiveness and helps save numerous aircraft hours.

Robert Biernat from Biernat S.J commented: "In the aviation community, ALSIM is highly recommended. This company was our first choice because we prioritize reliable and tested solutions. Airport Biernat will be able to provide a comprehensive commercial training program for our candidates thanks to the ALX flight simulator."

Anna Lezoray, ALSIM Sales Account Manager, said: "We are extremely happy to welcome Biernat S.J among our customers and would like to thank them for their confidence."

Located on the picturesque EPZE airfield in Poland, ATO Biernat S.J is a growing general aviation company with more than 20 years of training expertise. The fifteen-plane fleet is primarily made up of Piper and Cessna aircraft. In addition to the school, Airport Biernat has a piston plane maintaining facility. Furthermore, Airport Biernat has a strong passion for seaplanes, which they consider the most fulfilling kind of aviation.
