

DO328 JET SIMULATOR OPERATIONAL AGAIN IN EUROPE THROUGH SIMULATOR TRAINING SOLUTIONS CENTRE

News / Maintenance / Trainings

As part of its continuing global support for the Dornier 328 fleet, Deutsche Aircraft GmbH announced that an EASA certified Dornier 328 Jet Full Flight Simulator Level D is now operational in Germany and available for training since 1st of December 2021. The simulator received its certification from the German Federal Aviation Office (Luftfahrt-Bundesamt – LBA) on November 25th 2021.

The simulator is operated by Simulator Training Solution GmbH (STS). Deutsche Aircraft GmbH is cooperating with STS GmbH, the operator of the Do328 Prop simulator and now offers Do 328Jet training, on a fixed rate per hour basis. These slots can be directly booked through a [dedicated page on the Deutsche Aircraft website](#).

“Given the excellent expertise of Deutsche Aircraft in supporting the Dornier 328 fleet over many years, we are proud to partner with them on this project, supporting the training of the next generation of pilots on the Dornier 328.” Jan Hünerfeld, CEO of STS.

Dave Jackson, Managing Director of Deutsche Aircraft stated: “It is essential to keep our operators up to date with the latest safety requirements and training, and ensure their flight training even during the current COVID-19 situation regardless of their flying activity. Establishing the simulator in Germany, is a major step towards simplifying our activities and extending our service offering to our Dornier 328 operators.” The simulator facility is conventionally located in Velbert/Essen, close to Düsseldorf as well as Cologne-Bonn airports.
