

ACJ319NEO FROM K5-AVIATION TO BE HIGHLIGHTED AT NBAA-BACE

News / Business aviation, Events / Festivals, Manufacturer

Airbus Corporate Jets is exhibiting at NBAA-BACE for the first time ever showcasing an ACJ319neo from K5-Aviation. K5-Aviation is the largest Airbus operator in Europe with four ACJ319s in its fleet and is preparing to operate two ACJ widebodies soon .

“Our ACJ aircraft offer the best comfort, with the most spacious cabins that are widely appreciated by our customers and operators. K5-Aviation’s ACJ319neo will turn heads at the show with contemporary luxury styling in each of the four cabin zones- it is a real beauty!” said ACJ President, Benoit Defforge.

The ACJ319neo from K5-Aviation features four large living areas with lie flat beds, king size bedroom with ensuite bathroom and stand-up shower, as well as a 55” TV. Customers will enjoy a brand-new in-flight entertainment system and high-speed Wi-Fi for smooth video streaming and video calls to stay connected and entertained during the flight.

Also showcased at the event is the ACJ TwoTwenty cabin immersive presentation that customers will be able to discover via a VR experience. These will be located in the ACJ/ACH Chalet at the Henderson Airport static display.
