

CIRRUS DELIVERS FLEX SR MOUNT FOR STARLINK

News / Manufacturer

Cirrus announced FLEX SR Mount for Starlink, a sleek mounting and power solution for the Cirrus SR Series aircraft which when paired with the Starlink Mini, enables Wi-Fi connection in the aircraft. The Starlink Mini is a small, portable satellite internet kit for high-speed, low-latency internet. Designed by Cirrus, the FLEX SR Mount for Starlink optimizes the installation by securely fastening the Starlink Mini overhead. The FLEX SR Mount for Starlink has the option to include an upgraded 100w USB-C power outlet, eliminating the need for a battery pack.

Zean Nielsen, Chief Executive Officer of Cirrus commented: "The new FLEX SR Series Mount supports the Starlink Mini to provide Cirrus owners with Wi-Fi throughout their flight. Our team thoughtfully integrated owner feedback to develop a seamless SR Series aircraft accessory to enable connectivity during flight."

The FLEX SR Mount for Starlink is available for late G3 through G7+ SR Series aircraft and can be purchased and installed by a local Cirrus Authorized Service Center. The product includes the mount, tray, cable and power solution. The SR Series is the best-selling high-performance single-engine piston aircraft. With advanced technology such as the Perspective Touch+ avionics, Cirrus Airframe Parachute System and Safe Return Emergency Autoland, the SR Series continues to lead the market with its innovations.

Cirrus is pleased to announce its updated Manufacturer's Suggested Retail Pricing (MSRP) for the FLEX SR Mount for Starlink. These prices are designed to deliver reliable performance and compatibility across multiple generations.

- Late G3 – Early G6 Mount Package MSRP: \$1,600
- Late G6 Mount Package MSRP: \$1,400
- G7 – G7+ Mount Package MSRP: \$1,600
- G7+ Mount Package (ASN 11111 and subs) MSRP: \$1,050

Final pricing may vary depending on installation requirements and regional tax rates. For additional details or to confirm compatibility, customers are encouraged to contact an authorized provider.
