

LIEBHERR EXCLUSIVE PROVIDER FOR LINEAGE 1000 LANDING GEAR OVERHAUL

News / Manufacturer

Liebherr-Aerospace recently struck up an exclusive partnership with Embraer covering the overhaul services for the landing gear systems of the Lineage 1000 until 2031. The agreement marks a significant step forward in Liebherr's successful worldwide landing gear overhaul campaign.

“We are very honored and proud to count Embraer Executive Jet Services among our customers. This exclusive contract represents another major milestone in our long-term partnership trajectory. Our teams are ready and fully committed to provide to Embraer and its customers the best in class experience on landing gear overhauls,” said Christian Franz, Director Customer Services at Liebherr-Aerospace Lindenberg (Germany).

“We are glad to announce the agreement with Liebherr-Aerospace for this essential service. Our Lineage customers will be very well served by Liebherr's experience and knowledge,” said Marsha Woelber, Head of Worldwide Executive Jets Customer Support & Aftermarket Sales, Embraer Service & Support.

The Embraer Lineage 1000 is an ultra-large private jet based on the successful E190 commercial aircraft platform. After its entry into service, in 2009, Embraer launched a new

variant, the Lineage 1000E, in 2013, and today the aircraft is operated all over the world.

The complete landing gear system for the Lineage 1000 has been developed, manufactured and certified by the OEM Liebherr-Aerospace in Lindenberg (Germany), Liebherr's center of competence for flight controls, actuation, landing gear systems, gears, gearboxes as well as electronics.
