

NEW INTERNATIONAL GULFSTREAM SALES REPRESENTATIVE FOR VIETNAM - SUN AIR

News / Business aviation, Manufacturer

Gulfstream Aerospace has appointed Sun Air LLC —the Hanoi, Vietnam-based luxury business aviation service company — as the authorized international sales representative (ISR) for Gulfstream business aircraft sales activities in Vietnam.

Under the agreement, Sun Air, a company member of Sun Group Corp., will be responsible for promoting and supporting Gulfstream with customers and prospects throughout Vietnam. Sun Air is the first company of its kind in Vietnam and will provide aircraft sales, aircraft management and charter management services to private aircraft owners. In addition, Sun Air operates the Gulfstream G650ER and will also operate the Gulfstream G700 when the aircraft is certified and delivered for use.

“Interest in Gulfstream aircraft continues to grow in Asia, and we are looking forward to continuing to expand our presence and efforts in Vietnam,” said Scott Neal, senior vice president of worldwide sales, Gulfstream. “Sun Air is not only a valued customer, they will also provide Gulfstream local expertise and opportunities to expand our presence in this important market.”

“Being the international sales representative for Gulfstream in Vietnam represents a key milestone of Sun Air in the development roadmap of potential luxury general aviation,” said Mr. Dang Minh Truong, chairman of Sun Group Corp. “We believe that with Gulfstream’s leading reputation in global aviation industry and Sun Group’s quality-class-distinction emphasized ecosystem, we will create unprecedented luxury aviation experiences in Vietnam.”

During the past 15 years, Sun Group, the leading developer in Vietnam, has continued to diversify and grow its business interests including prestigious tourism brands, high-class real estate and investments in crucial transport infrastructure through Vietnam including Van Don International Airport, the first privately owned airport in Vietnam. Sun Air connects the company’s products and services and serves as an ideal bridge to create and deliver an exclusive, reliable, and comfortable private jet experience in Vietnam.
