

A NETWORK OF 59 DESTINATIONS FROM JUNE UNTIL AUGUST: BRUSSELS AIRLINES

News / Airlines

Last week Brussels Airlines announced that it will restart its commercial flights from its hub at Brussels Airport on 15 June. Based on market demand and ongoing travel restrictions, the airline will offer an adapted and downsized summer schedule, which will consist of approximately 30% of Brussels Airlines' originally planned summer schedule in Europe and 40% of the long-haul summer program. Between 15 June and 31 August, the company will gradually add destinations to its flight network to reach 59 destinations in 33

customers and staff during the travel journey, such as additional disinfection of the aircraft and the use of mouth masks. Several other measures are being evaluated together with the authorities and aviation experts.
