

AEROFLOT HAS SET IN OPERATION NEW BOEING B777-300ER AIRCRAFT

News / Airlines

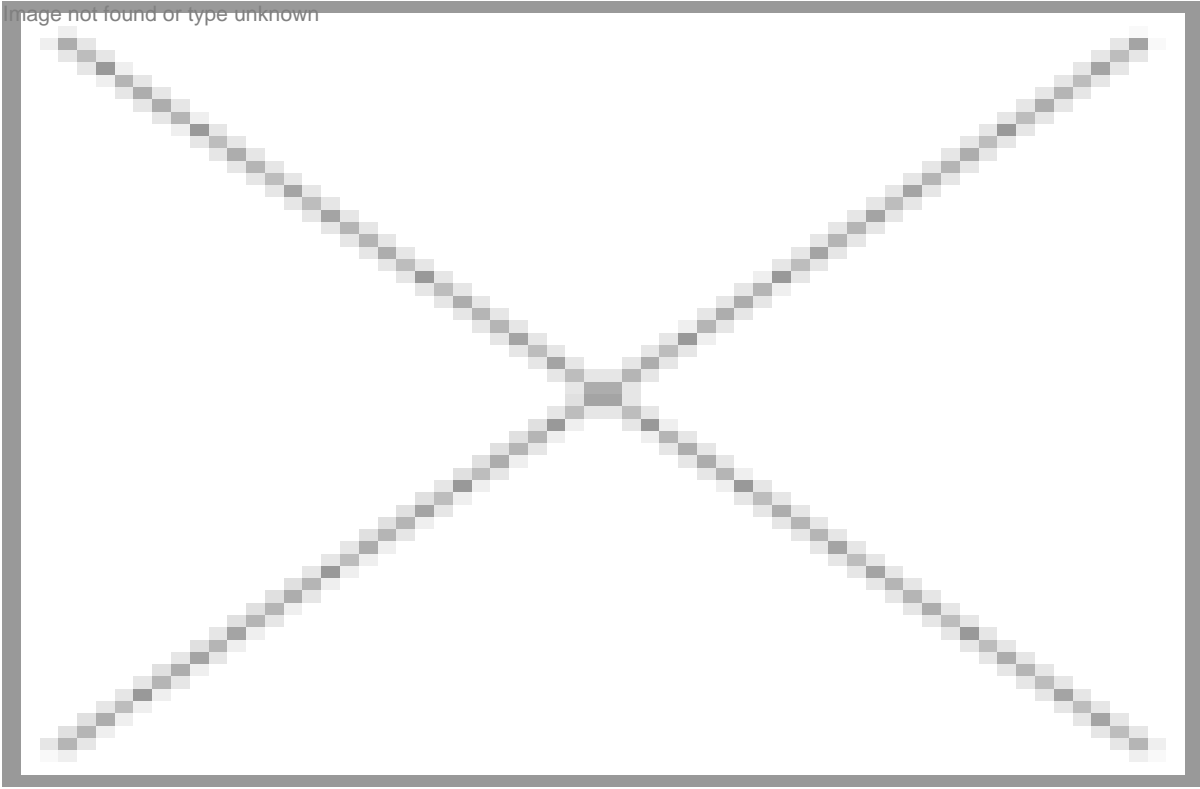

Aeroflot has taken delivery of a new factory-direct Boeing 777-300ER. The aircraft has been named in honour of Russian writer, poet and dramatist, Ivan Turgenev.

The new B777-300ER aircraft is configured with Business Class, Economy Class and Comfort Class cabins. Passengers flying Comfort Class enjoy a premium-class service at highly competitive prices, with features including additional legroom and baggage allowance, an upgraded menu and more Aeroflot Bonus miles, and a warm Russian welcome and award-winning in-flight service from Aeroflot's stylish English-speaking crew.

The new aircraft comes with Boeing's spacious Signature Interior, which includes large overhead compartments and has deservedly proven popular with passengers. It is also equipped with Boeing's Airplane Health Management system.
