Air France-KLM Group and the CMA CGM Group announced that they have signed a long-term strategic partnership in the air cargo market¹. This exclusive partnership will see both parties combine their complementary cargo networks, full freighter capacity and dedicated services in order to build an even more competitive offer thanks to the unrivalled know-how and global footprint of Air France-KLM and CMA CGM.

A 10-year exclusive strategic commercial partnership to strengthen their air cargo offering

CMA CGM and Air France-KLM share a strong ambition to invest and grow sustainably in the air freight business.

The agreement will have an initial duration of 10 years. Air France-KLM and CMA CGM will join and exclusively operate the full-freighter aircraft capacity of the respective airlines consisting initially of a fleet of 10 full-freighter aircraft, and an additional combined 12 aircraft on order:

- 4 full-freighter aircraft at CMA CGM Air Cargo (with outstanding orders for an additional 8 aircraft, 2 of which may be operated by Air France-KLM in the future),
- 6 full-freighter aircraft at Air France-KLM Group based at Paris-Charles de Gaulle airport and Amsterdam Airport Schiphol (with outstanding orders for an additional 4 aircraft)2.

This new commercial partnership also covers Air France-KLM's belly aircraft capacity, including over 160 long-haul aircraft.

The partnership will leverage both partners' respective global sales teams, presenting one voice to the customer.

The strategic commercial partnership is expected to generate significant revenue synergies including the joint design of the full freighter networks and enhanced products and services mix opportunities. It will help meet customers' ever-increasing need for more integrated and resilient supply chains and will leverage Air France-KLM's vast existing franchise, experience and capabilities in air freight, backed by a global cargo network. CMA CGM will mobilize its large commercial network and global logistics platform and will complete this offer with innovative logistics and multimodal solutions, particularly in sea and land transport.

CMA CGM Group to become a reference shareholder of Air France-KLM Group

As part of this long-term exclusive partnership, CMA CGM will reinforce its commitment in the air freight industry by becoming a new reference shareholder in Air France-KLM. CMA CGM has the firm intention to take up to 9% of Air France-KLM's ex-post share capital, for a period consistent with the implementation of the strategic commercial partnership.

This investment could be made as part of the contemplated capital increase of Air France-KLM, as announced on February 17th, 20223. Air France-KLM's main shareholders will support a resolution for the appointment of one board member representing CMA CGM at the next shareholders' meeting (May 24th, 2022). Such appointment, if approved by the shareholders' meeting, would be subject to the completion of CMA CGM's investment.
