News / Airlines

Ryanair announced its highly anticipated UK S'22 schedule – opening 24 new routes (over 500 in total) to a host of exciting European destinations. UK holidaymakers will rejoice with sunny hotspots such as Chania, Madeira and Menorca available with fares from just £29.99. The opening of these 24 new routes across Ryanair's UK network reinforces the airlines' commitment to the UK and the rebuilding of the country's tourism industry, playing a key role in the recovery of local jobs and economy.

Ryanair is leading Europe's traffic recovery as the airline plans to deliver accelerated growth in both traffic and jobs over the next 5 years. Having added 560 new routes and opened 14 bases throughout the last 12 months, Ryanair is now looking ahead to S'22 and the addition of 65 new B737-8200 'Gamechanger' aircraft to its fleet, which offer 4% more seats, 16% less fuel and a 40% reduction in noise emissions, making the S'22 schedule the most sustainable and environmentally friendly to date. Adding to its green credentials, Ryanair has launched electric handling at 11 major European airports – a significant investment in its sustainable operations.

To celebrate the launch of its S'22 schedule, Ryanair has launched a limited-time seat sale with fares available from just £29.99 for travel until the end of October '22. These fares are sure to be snapped up quickly, so make sure to log onto [Ryanair.com](https://www.ryanair.com) before midnight
