Included amongst the many activities supported by the airline ahead of the first fixture between host France and Korea Republic, was a specially designed Qatar Airways stand in the FIFA Fan Experience in Paris, Lyon and Nice. Spectators and supporters of all ages were invited to take part in a virtual goalkeeper competition and were given the opportunity to see some of the finest football free-stylers on the planet to the soundtrack of an amazing group of world-class drummers. Celebrating the tournament's kick off were four lucky winners of Qatar Airways' social media contest, ran in partnership with the FIFA Fan Match, where the prize was Business Class flights and match tickets for the spectacular opening ceremony.

Also present at the opening ceremony will be Jessica, a 17 year old female Brazilian footballer, whose journey from a favela in Rio de Janeiro, Brazil to Paris is an inspiring story of hope.
