

# 5 HURT ON BUMPY AMERICAN AIRLINES FLIGHT TO MIAMI

News / Airports / Routes

**American [Airlines](#) officials say five passengers were injured on a flight from Grenada to Miami after the plane encountered some unexpected turbulence.**

American's Flight 982 landed at Miami International Airport shortly before noon Thursday without incident. Five passengers were taken to a hospital for minor injuries.

The airline said in a statement that the seatbelt sign was on at the time and that pilots had no indication of severe turbulence in the area.

The Miami Herald (<http://tinyurl.com/o8dgf18>) reports the plane carried 74 passengers and a five-member crew.
