

MACAU INTERNATIONAL AIRPORT TRAFFIC RECORD UP 6% DURING GOLDEN WEEK

News / Airports / Routes

From October 1-7 (the Golden Week), passenger volume recorded over 120,000 and aircraft movement **recorded** over 1200 representing a 6% and 5% increase respectively comparing to same period last year. **Macau International Airport** (MIA) recorded over 4.4 million passengers till 7th October 2015.

During this **Golden Week**, despite the two typhoons "Dujan" and "Mujigae" bringing tremendous rain to Macau and the cities around Taiwan Strait, but didn't affect the interest of traveling of Macau residents and visitors. MIA had smooth and orderly operation with daily inbound and outbound flights recorded over 155 takeoffs and landings. Typhoon and rainy weather did not bring a great impact on airport operation.
