

A SHELTER FOR BUSINESS JETS FOR JUST A FEW HOURS - SEE WHAT GENEVA AIRPARK OFFERS

News / Business aviation

Everyone in business aviation knows, that every flight is different and special, clients are appreciating the most the personalized approach for their needs. Here comes an amazing example of how a team is capable to adapt their offer to the latest in industry needs and come up with an idea which facilitates operations and handling.

With 3 new sheltering options of 0 to 3 hours, 3 to 8 hours and a Daily formula 8 to 24 hours, Geneva Airpark is providing its clients very flexible solutions to effectively organize their trips.

Sheltering planes for a few hours, a few days or mid or long term in Geneva Airpark's hangar is the best safeguard for the aircraft and its equipment, without wasting time at Geneva airport.

Geneva Airpark: choosing flexibility and excellence to protect business jets

Geneva Airpark's mobilization to transform this winter into a springboard for renewed activities is

now taking shape with a wider range of sheltering options for stopovers of:

- 0 to 3 hours
- 3 to 8 hours
- a Daily formula from 8 to 24 hours
- mid to long term

With these adapted formulas, Geneva Airpark's 10,000 sq meters of heated hangar provides the best choice to safeguard aircraft stopping over at Geneva airport and prevent the inconveniences of winter.

A privileged experience with our integrated premium services

Even for a few hours, Geneva Airpark is also keen to provide its clients with high quality services managed by a single point of contact:

- Scheduling of arrivals and departures
- Reception on its private ramp
- Immediate passenger and crew transfers to and from the adjacent Terminal C3 dedicated to business aviation
- Coordination with handling agents
- Crew services

The Geneva Airpark staff apply rigorous health measures to protect everyone's health.

Geneva Airpark's technicians are also able to carry out PART-145 approved line maintenance operations during the stopover within the hangar itself such as:

- Toilet servicing
- Clear water
- Tire pressure
- Oxygen service
- Fuel drain, etc.

About Geneva Airpark

PART-145 certified Geneva Airpark has been operational at Geneva airport for 11 years and offers a range of services for business aviation. Geneva Airpark has 20,000 sq meters of facilities (hangar, tarmac, offices, car park), directly accessible from the runway, near Terminal C3 of Geneva Airport.
