

CHALLENGER 650 ADDITION TO MERIDIAN EVER-GROWING FLEET

News / Business aviation

The fleet of Meridian is ever-growing, here is the latest addition - 2018 Challenger 650 (N562RT) business jet. The aircraft is based in West Palm Beach, FL, and conveniently serves our South Florida and New York City-area customers. This heavy jet is impeccably maintained both inside and out, and contains the modern amenities that discerning passengers require when choosing a business aircraft. It is immediately available for charter (Certificate IMJA053F).

The Challenger 650 claims the widest-in-class cabin, which can accommodate up to 12 passengers and can fly a maximum distance of 4,000 nm (7,408 km) under certain conditions. The aircraft has a typical cruise speed of Mach 0.80, and can reach a top speed of Mach 0.85. The flight deck features Bombardier Vision, an avionics system designed aesthetically and ergonomically for pilots.

This aircraft is well-equipped with modern technology, including complimentary high-speed domestic Wi-Fi, inflight satellite phone system, Airshow® moving maps and display, and a multimedia entertainment system with USB and iPad connectivity. Other essential amenities that are offered include a full galley with sink, microwave and convection ovens, coffee maker, and private lavatory with sink. The cabin is berthable and can sleep up to five people, making this aircraft an ideal option for both domestic and international trips.

“We are really excited to offer our clients based in Palm Beach and South Florida a brand-new charter aircraft that is perfect for trips to the Northeast, or any domestic destination in the continental US,” said Chris Battaglia, Director of Charter Sales. “This 2018 Challenger 605 is equipped with the latest technologies and amenities, ensuring a productive and comfortable flight. It is the perfect complement to our fleet of heavy jets.”

Meridian currently manages a wide range of aircraft types that are available for private charter. Our diverse fleet includes the Global 5000, Gulfstream G550, Gulfstream GIV-SP, Falcon 7X, Falcon 900EX EASy, Falcon 2000EX EASy, Challenger 650, Challenger 605, Challenger 604, Challenger 601, Gulfstream G200, and Hawker 900XP. In addition, other aircraft types are available through Meridian’s extensive network of qualified operators.
