FIRST EVTOL FOR PRIVATE SALE IN THE U.S.- LILIUM JET IN PIONEERING PARTNERSHIP WITH EMCJET

News / Business aviation, Manufacturer

Lilium opened private sales of its eVTOL jets in the U.S. market, in partnership with EMCJET. EMCJET is set to be the exclusive Lilium dealer in Texas through 2030 for private sales. Under the terms of the partnership, which includes a commercial commitment to Lilium for five production slots, EMCJET will enable individuals to purchase some of the first Lilium Pioneer Edition Jets available in the U.S. market. This announcement is the first step in unlocking the U.S. private aviation market for Lilium and follows its commercial strategy to start in the premium market before expanding to the airline and passenger shuttle market.

EMCJET is dedicated to offering customers a seamless and sophisticated experience when it comes to buying, selling, and acquiring aircraft. Lilium Jet will be available countrywide, with the initial focus on key cities in Texas, including Austin, Houston, San Antonio, and Dallas, aligning with Texas' commitment to sustainability, delivering efficient and eco-friendly transportation choices for residents and visitors.

Sebastien Borel, Chief Commercial Officer at Lilium, commented: “We are thrilled to partner with EMCJET as we embark on our mission to revolutionize regional air mobility in the United States. EMCJET’s proven track record of private premium market jet sales in the U.S. and managing privately owned aircraft and exceptional customer service aligns seamlessly with Lilium's vision of delivering an unparalleled flying experience to our potential customers.Dealers and aircraft management companies are eager to partner with Lilium on jet sales to help decarbonize general aviation and provide an elevated flying experience, all while being incredibly efficient to operate.”

Memo Montemayor, Founder & CEO of EMCJET, siad: "EMCJET is excited to be at the forefront of introducing Lilium's groundbreaking eVTOL technology to the Texas and U.S. markets. Our client-first mentality ensures that we deliver superior value and expert attention required in making sound private aviation investments and introducing our clients to the most innovative modern technology for current and future market practices. This partnership with Lilium will allow us to serve our well-established network of aviation enthusiasts with the latest technological advancements and continue to provide exceptional service and results that our clients deserve and depend on."

Lilium Pioneer Edition Jet is first planned first edition version of the Lilium Jet being sold to private individuals across the globe. Lilium Jet is an all-electric vertical take-off and landing jet, designed to offer leading capacity, low noise, and high performance with zero operating emissions purpose-built for regional connectivity. The agreement with EMCJET marks Lilium’ fourth dealer globally.
