

GUERNSEY REGISTERS CHALLENGER 601 AS 2-SEXY

News / Business aviation

Guernsey has registered 1993-build Bombardier **Challenger 601** msn 5125 as **2-SEXY**. The aircraft is managed by Hangar8 on behalf of private owners, and is based at Oxford Kidlington Airport.

Previous to being registered in Guernsey, the aircraft was on the Cayman Islands register as VP-CEI, and based in Moscow.

“A unique 2-REG registration allows private business aircraft owners to create their own tailored registration while enjoying all off-shore benefits” said Jasper van den Boogaard, sales and marketing for 2-Reg

To help celebrate the new aircraft registration, 2-Reg has launched a competition for the best photograph of the aircraft in flight.

“2-REG Aircraft Register (Guernsey) welcomes one Challenger 601 bearing “2-SEXY” as one of its unique customized registrations. We would like to challenge aviation enthusiasts to send us a high quality photograph of the aircraft in flight. The first 50 submissions will receive a small 2-REG prize. The best photograph will be used in future 2-REG brochures and will be rewarded with a 2-REG aircraft model.” says the company.
