

LUXAVIATION GROUP AND EXECUJET CO-EXHIBIT AT EBACE

News / Business aviation, Events / Festivals

Luxaviation Group and ExecuJet are exhibiting for the first time together at the European Business Aviation Convention & Exhibition (EBACE) from 24-26 May 2016 in Geneva, Switzerland. It will be the second time Luxaviation has exhibited at the show and ExecuJet's 16th time.

Luxaviation Group and ExecuJet will co-exhibit in Hall 6, Stand S073 which is located along the main thoroughfare of EBACE. Highlights of the stand include a graphic timeline detailing the Luxaviation Group story; interactive touch screens, allowing guests to browse Luxaviation and ExecuJet websites, news feeds, social media pages, presentations and images; and representatives from Luxaviation's cabin crew showcasing the Group's new uniforms launched last month. There will also be news and information from all companies within the Group: Luxaviation Belgium, Luxaviation France, Luxaviation Germany, Luxaviation Luxembourg, Luxaviation Portugal/Switzerland and Luxaviation UK.

Patrick Hansen, CEO of Luxaviation, who will be discussing the consequences of consolidation at the event, says: "EBACE is a key event in the Luxaviation calendar and we are pleased to be exhibiting with ExecuJet. It is a milestone on our journey as a Group and a good opportunity to show our unified approach to the business aviation industry. By adopting a single stand at EBACE we are signalling that customers can expect the same outstanding experience wherever they travel with us; all backed by the resources and best practice processes of a major international group."

Gerrit Basson, CEO of ExecuJet, says: “We are really looking forward to exhibiting with Luxaviation at EBACE this year. The show is vital for highlighting the industry’s crucial role in connecting towns and cities across Europe to the broader global marketplace thus supporting jobs and helping companies succeed. A co-branded stand is the perfect way to show that we are working together to pave the way for exceptional business aviation services.”
