

SEAWINGS LAUNCHES BESPOKE CORPORATE SOLUTIONS

News / Business aviation

Seaplane operator Seawings has launched a series of corporate solutions and programmes ensuring progressive companies have access to creative and distinct corporate event ideas, team building programmes and employee reward programmes, among other options.

Bespoke itineraries are developed for both internal events such as team building, as well as corporate entertaining for their new or existing clients. From Golf to Fine Dining, Heritage tours for visiting VIPs, Seawings corporate solutions are tailored with trusted providers and uniquely combine Seawings' signatory air tours.

Stuart Wheeler, CEO of Seawings said: "Seawings is about handcrafting tours that fuses scenic flights with other luxury UAE activities. Being the only seaplane tour operator, Seawings has a natural advantage in creating a host of unique programmes for guests. By offering fresh and unique corporate solutions packages, we are able to team up with likeminded companies to ensure that their success with their clientele, guests, management and employees continues to rise to new heights."

Seawings gift vouchers are also available for employee engagement programs and employee incentives, bespoke employee discount programs and team building activities.

Seawings also offer opportunities for corporate exposure and profiling from organising aerial photo-

shoots of the UAE, PR events and product launches, through to reaching Seawings' eclectic clientele with a range of branding and advertising opportunities.
