Signature London Luton FBO reception

Signature Flight Support is the only Fixed Base Operation (FBO) to offer this service at London Luton and London Gatwick. Signature Elite Class allows passengers to avoid the commercial terminal and depart from Signature FBOs. Customs and Immigration and security screening is performed at the FBO with exceptional privacy. Customers enjoy all of the amenities and exquisite refreshments and can relax in well-appointed luxury lounges.

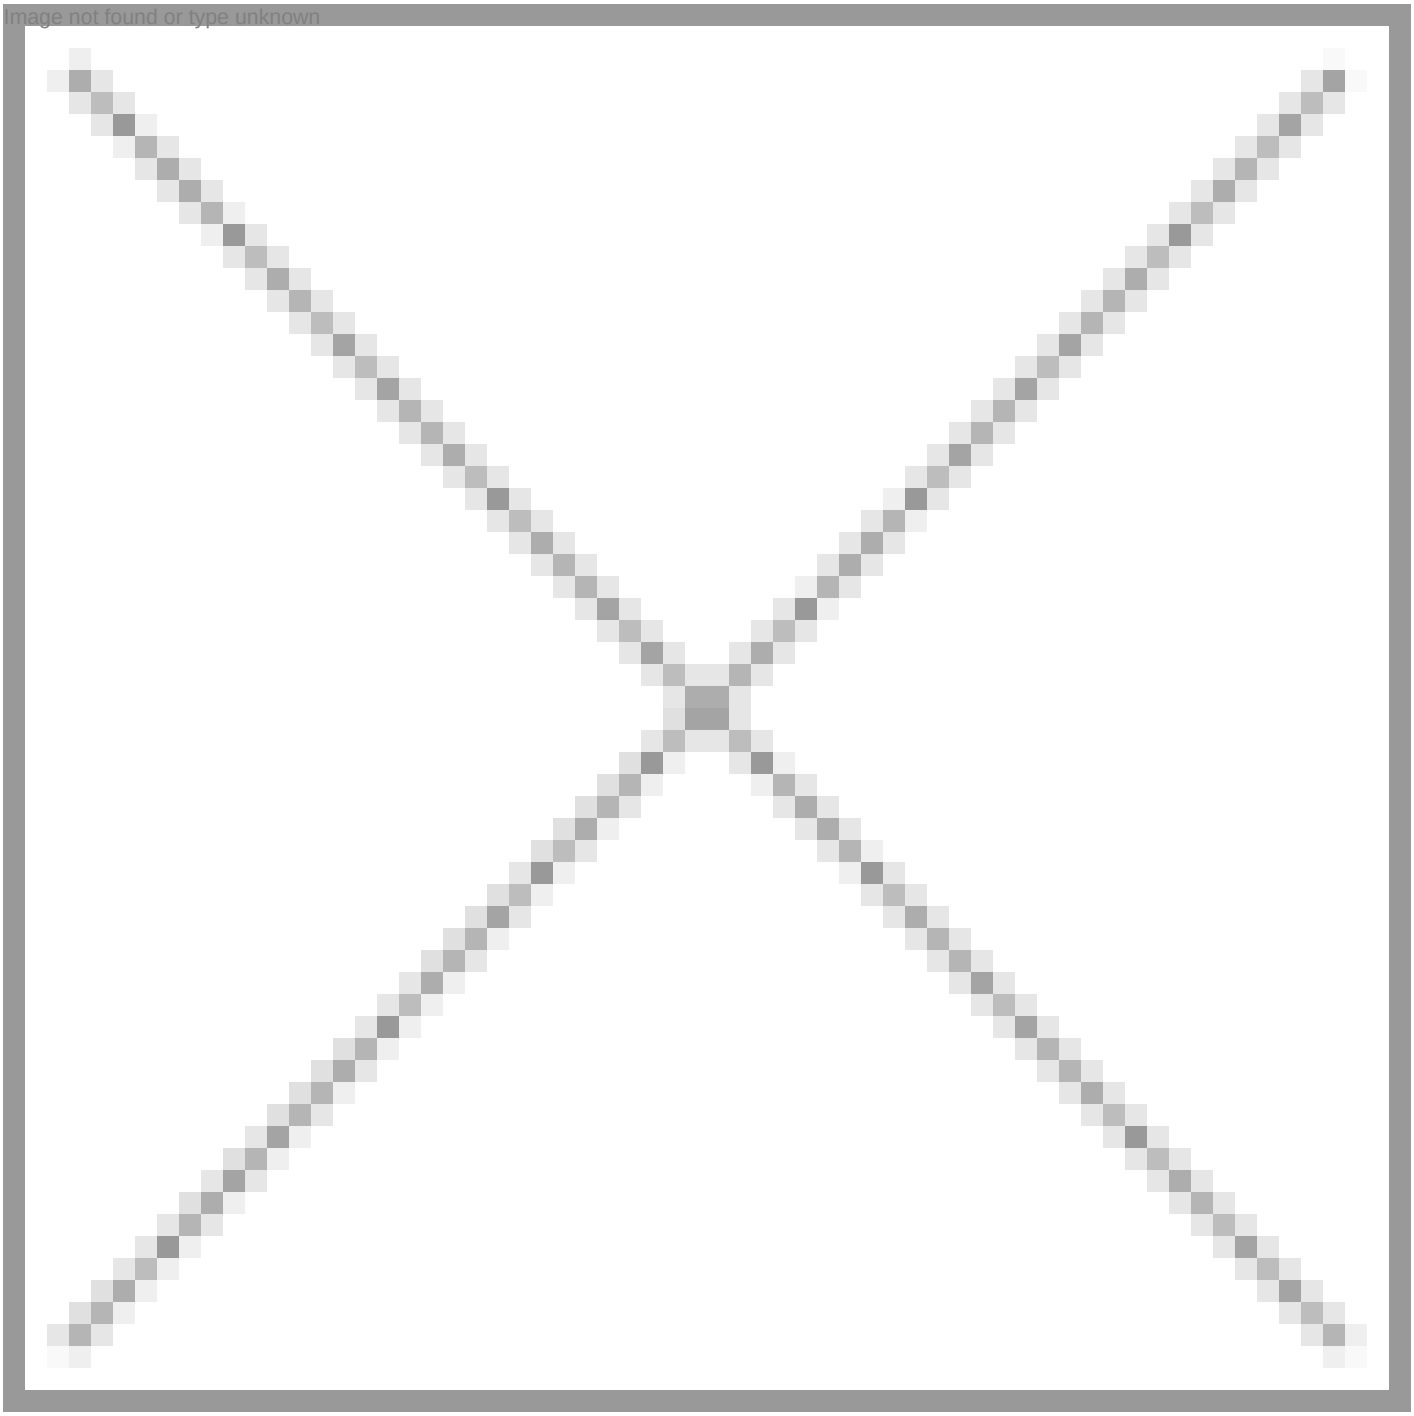

When departing for a flight, a Signature Flight Support luxury vehicle transports passengers directly to the aircraft where they can board at their leisure. Luggage is transferred to the aircraft directly by Signature staff.

Evie Freeman, Managing Director for Signature Flight Support's Europe, Middle East and Africa division stated, "We are pleased to extend this extraordinary customer experience to our newly inaugurated ultra-luxury FBO at London Luton. Customers can now enjoy an ELITE Class experience normally only available to those utilizing private aircraft. It removes the stress of transiting the commercial terminal and our staff can accommodate passengers' needs in a world-class manner. We are excited to bring back the glamour to commercial air travel and we look to continue to expand this service in the future."

Other Signature Flight Support locations offering Signature ELITE Class include; Antigua (ANU), Barbados (BGI) and Grenada (GND).
