

VIP COMPLETIONS UNVEILS COMPREHENSIVE BOEING BUSINESS JET INTERIOR REFURBISHMENT PROJECT

News / Business aviation, Maintenance / Trainings

VIP Completions unveiled the interior of a completely refurbished Boeing Business Jet. This particular aircraft offers exceptional levels of luxury, comfort, personalized décor and the conveniences of latest-generation technologies. It seats and comfortably sleeps 12 passengers. VIP Completions team has extensively refurbished six BBJs, two Boeing 757s, a Boeing 767 and a Boeing 727, clearly establishing its expertise in Boeing corporate airliner completions projects.

Ben Shirazi, President, VIP Completions, commented: "I am very proud of our team as we continue to focus on VIP airliner projects, demonstrating our expertise within this very specialized niche. This project was completed within 90 'hands-on' days, which is exceptionally fast given its comprehensive scope. Guided by a disciplined approach to project management and extreme attention to detail, we deliver an unparalleled degree of personalization. Equally important is our commitment to on-time and on-budget deliveries. VIP Completions is one of just a few companies worldwide able to deliver a project of this caliber under conditions that optimally benefit our valued

clients.”

Floor plan details include:

- Three principal cabin areas: forward main lounge with built-in movie projector and stow-away screen, mid-cabin conference room/guest bedroom and aft en-suite master stateroom
- Large mid-cabin galley with bar area – adjoining forward main lounge
- Three lavatories – forward crew lavatory, large mid-cabin VIP lavatory and aft master stateroom lavatory with full shower

Design highlights include:

- Luxurious custom-designed seats throughout the cabin upholstered with contrasting premium Garrett leathers and intricate diamond pattern stitchwork
- Main lounge divans upholstered in premium Garrett leathers
- Mid-cabin divans upholstered in premium Loro Piana fabrics
- Full cabin re-veneered in open grain white oak finish in matte dark chocolate color
- New natural Arabescato stone countertops
- Luxurious 100%-New Zealand-wool carpeting by RedRock throughout the cabin

Cabin management system and in-flight entertainment highlights include:

- CMS control via Crestron app-enabled iPads
- Custom ALTO audio system calibrated for the cabin using ALTO’s MySound™ optimization tool to ensure perfect sound
- Four upgraded high-definition monitors
- New HD monitor in master stateroom
- Dynamic RGB LED lighting
- On-board Plex media server with three AppleTVs providing virtually limitless content options in a multi-zone setup
