This will be the first time Click exhibits its trip support and travel services at the conference in the U.S.

SDC2019, hosted by the National Business Aviation Association (NBAA), is an annual business aviation conference that continues to grow with each passing year. In 2019, NBAA expects over 580 exhibit booths and roughly 3,000 attendees, representing 47 countries and all 50 U.S. states.

This conference marks a particularly significant milestone for Click, as we are proud to announce the expansion of our services to the U.S. with a new office in Miami, Florida.

As an international driver of aviation solutions and networking, we are always adding to our resources and capabilities to serve new and existing markets. Click has evolved in leaps and bounds over the past year and we will continue to grow further in 2019.

In addition to this office, Click's recent acquisition of CharterPad, the second largest charter platform in the U.S., serves to further broaden our reach as we remain dedicated to our mission of providing exclusive, comprehensive and innovative aviation services to our valued members around the world.
