

HORIX AEROSPACE WILL EXHIBIT FOR THE FIRST TIME AT EBACE 2018

News / Business aviation, Events / Festivals

Horix Aerospace announces that it will exhibit for the very first time at EBACE 2018 (Geneva, Switzerland), the European biggest business aviation event, from 29th to 31st of May. To introduce its offer, Horix Aerospace will exhibit its activities in the fields of spare parts and ground support equipment.

“We are excited about our debut during such a premier event”, said Marco Taufer, Head of Spare Parts Division. “It is a great opportunity for us to showcase our product line. Although we are a start-up, we already reach many goals in terms of commercial goals and quality certification (ISO9001:2015 and AS9120B). Exhibiting at European Business Aviation Convention & Exhibition is part of our growth strategy to expand our activities”, continues Marco Taufer.

Horix Aerospace is the only Swiss company specialized in spare parts distribution to the global aerospace industry. During EBACE 2018, Horix Aerospace will showcase its product line: spare parts, aerostructures, wiring harness, maintenance special tools, fasteners, and more. Driven by aviation passion, Horix Aerospace mission is to be at the right time next to customers to keep them flying.

In addition, Horix Aerospace is the only Swiss company to develop and manufacture innovative ground support equipment for skidded helicopters and wheeled aircrafts (HELIFTTM). Thanks to professional experience in the logistic and aerospace sector, Horix Aerospace mission is to provide new and revolutionary solution to allow go flying in less possible time.
