

ATO VIZYON HAVACILIK IS GOING FOR THE ALSIM ALX

News / Maintenance / Trainings

Alsim announced the sale of a second ALX to Vizyon Havacilik, based in Ankara, Turkey, which has already been operating an ALX.

The Alsim ALX FSTD will be configured to provide single engine piston, twin engine piston, twin turbine. The device is designed and approved for ATPL, CPL/MCC in compliance with all current regulatory standards. The ALX offers advanced technology simulation equipment tailored to your specific training requirements. In addition, it has a proven track record for cost-effectiveness and helps save numerous aircraft hours.

Mr. Ferhat Yenibertiz, General Manager of Vizyon Havacilik explains: “We have several agreements with many universities and airlines to train their pilot applicants. Our school provides theoretical and flight training programs. Our first Alsim ALX simulator is a precious asset to train future pilots and we are looking forward to receiving our new ALX to hit the road!”

“It has been a pleasure to cooperate with Mr Yenibertiz, General Manager at Vizyon Havacilik” according to Mrs Audrey Jeffroy, Alsim Sales Director. “We wish all the best to Vizyon Havacilik and we look forward to continuing our successful partnership!”

Vizyon Havacilik started to perform activities in the aviation industry in 2014 with high added value services, such as pilot training, air taxi and hangar operation. As one of the most important actors of the sector, the company is eager to embody the national values.

Part of Çam Group, the vision of Vizyon Havacilik was set forth by combining years of experience, know-how and prospective initiatives and it has become a corporate company that has been progressively developing in the aviation sector.

Vizyon Havacilik’s fleet includes the following aircraft: 1 Bell 429, 5 Cessna 172S Skyhawks, 3 Gyrocopters, 1 Guimbal Cabri G2, 2 CC11 - 160 Carbon Cub SSs, 2 Piper Seminoles and 1 Piper Arrow.
