FIRST 60-MONTH CHECK ON BOMBARDIER GLOBAL 6000 AIRCRAFT BY TAG AVIATION

News / Business aviation, Maintenance / Trainings

Congratulations to TAG Aviation's Maintenance Services Centre in Geneva! Its first 60-month check on a Bombardier Global* 6000 aircraft is completed!

The aircraft which is owned by a private customer underwent its first heavy maintenance check which included routine inspections and repairs, as well as a deepclean of the aircraft's cabin.

This important major maintenance milestone event marks the first time TAG Geneva'shighly trained technicians have performed a 60M inspection on a Global* 6000 aircraft since their status as a Bombardier Authorised Service Facility (ASF) was extended in May 2018 to also include Global* business jets.
