

JETMS RECEIVED MAINTENANCE ORGANISATION APPROVAL CERTIFICATION FROM THE UK CIVIL AVIATION AUTHORITY

News / Maintenance / Trainings

JETMS announced the receipt of its new Maintenance Organisation Approval Certificate (MOAC) issued by the United Kingdom Civil Aviation Authority (CAA) to conduct base and line MRO services on Embraer EMB135/145 aircraft.

The issuance of the new MOAC gives JETMS – a family member of Avia Solutions Group, a leading global aerospace services group with almost 100 offices and production stations providing aviation services and solutions worldwide – the capability to carry out regional aviation maintenance services on United Kingdom registered aircraft from under one centralised location.

The certification gives JETMS the scope to meet the needs of its new and potential customers in the UK market.

Along with its subsidiary, RAS group – a long-established aircraft interior, exterior, and completions company – the company continues to strengthen its position in the market with new

capabilities and through providing precision MRO services to the highest standards.

According to JETMS Head of Quality, Gintare Lapienyte, “The procurement of the new Maintenance Organisation Approval Certificate involved a difficult and thorough process until JETMS received the green light and the final approval for certification. For all of us at JETMS, as a progressive and forward-looking team of consummate professionals, it's moments like this that give us great pleasure to win new victories, meet new customers, and plan for the future. The certification also illustrates our focus on the needs of our clients, sustainability in the aviation market, our long-term viability and business expansion strategy, and the continuing enlargement of our client services portfolio.”

**MAINTENANCE ORGANISATION
APPROVAL CERTIFICATE**

REFERENCE: UK.145.01494

Pursuant to Regulation (EU) No 2018/1139 of the European Parliament and of the Council and to Commission Regulation (EU) No 1321/2014 and subject to the condition specified below, the Civil Aviation Authority of the United Kingdom hereby certifies:

JETMS REGIONAL

RODUNIOS KELIAS 2
VILNIUS
LT-02189
LITHUANIA

Registered Company Number: 305584220

as a maintenance organisation in compliance with Section A of Annex II (Part-145) of Regulation (EU) No 1321/2014, approved to maintain products, parts and appliances listed in the attached terms of approval and issue related certificates of release to service using the above references and, when stipulated, to issue airworthiness review certificates after an airworthiness review as specified in point ML.A.903 of Annex Vb (Part-ML) to that Regulation for those aircraft listed in the attached terms of approval.

CONDITIONS

1. This approval is limited to that specified in the scope of work section of the approved maintenance organisation exposition as referred to in Section A of Annex II (Part-145), and
2. This approval requires compliance with the procedures specified in the approved maintenance organisation exposition, and
3. This approval is valid whilst the approved maintenance organisation remains in compliance with Annex II (Part-145) of Regulation (EU) No 1321/2014.
4. Subject to compliance with the foregoing conditions, this approval shall remain valid for an unlimited duration unless the approval has previously been surrendered, superseded, suspended or revoked.
