

TUNISAIR EXPRESS ACQUIRES THREE ATR 72-600S

News / Airlines, Manufacturer

Tunisair Express and ATR confirm a firm order for three ATR 72-600s. The aircraft will renew Tunisair Express's regional fleet and supply essential connectivity, both domestically and internationally.

A 10% increase in regional flights generates additional increases of 5% in tourism, 6% in regional GDP and 8% foreign direct investment. Turboprops are key in connecting communities around the world: 36% of all commercial airports rely exclusively on turboprops and 50% rely, also exclusively, on regional aircraft.
